AUTOSTAR II

Setting new industry standards in CD-R and DVD-R publishing and duplication with the latest generation of Rimage automated CD-R/DVD-R publishers. The Producer II family gives you the most available options to customize a solution that meets your exact needs. Available in configurations from 1-8 recorders, with CD-R, DVD-R or a combination of both, and your choice of printing technologies. All solutions are wrapped in our Producer Software Suite, and feature our legendary robotics.

PRODUCER FAMILY

AMIGO

This automated, network based, 1-drive CD-R or DVD-R publisher makes quick turnaround of short-run projects no problem. Just hook it up to your PC and it's ready to go. Available with one CD-R or DVD-R recorder, IEEE 1394 (FireWire™) interface, your choice of printing technologies (Everest™ photo-realistic printer or the popular Prism thermal printer), and our QuickDisc user interface.

AUTOPRINTERS

Rimage automated printing solutions give you the power to create sharp, professional, indelible labels directly on the surface of CDs and DVDs. With printing technologies ranging from our full-color, photo-realistic Everest™ printer, to our tried-and-true Prism thermal printer, we give you the most options for a limitless number of applications.

PROTÉGÉ

This automated, 2-drive CD-R/DVD-R network based publisher gives you fast, reliable, professional results from low to high volume production, with the flexibility to expand the number of units accommodating up to 8 drives. Our patented data-streaming technology gives you true publishing capabilities supporting up to 8 unique data streams for simultaneous downloading, imaging and recording. Includes the QuickDisc user interface, and your choice of printing technologies.

AUTOSTAR

This automated, 4-drive CD-R/DVD-R network based publisher gives you industry leading throughput, creating scores of unique CDs in minutes with the industries fastest high speed recorders and IEEE 1394 (FireWire™) interface, and is expandable up to 8 recorders. Our QuickDisc software program gives you an effortless user interface for true user-friendly CD and DVD creation. Choose from our Everest™ printing technology or the popular Prism thermal printer.
